PROFESSIONAL AND TECHNICAL SKILLS

- Three years of working with Frontend technologies such as JavaScript, React, TypeScript, Rest APIs, HTML/CSS/SCSS/
- Experience in translating business requirements into trackable and measurable technical specification
- Experience in code review and delivering high-quality code that is easily maintainable and extendable
- Detail-oriented when implementing interactive interfaces by translating design mockups/wireframes (Figma, Adobe Xd, sketch)
- Strong UI development experience with Material UI, Tailwind, Styled Components, Bootstrap
- Experience with back-end technologies like NodeJS, Rest APIs, Django, Django Rest Framework Python and databases
- Proven track record of success in teaching and mentoring student transiting into the tech space
- Experience with Agile teams in collaborative environments where effective communication is a hard requirement

EMPLOYMENT HISTORY

Frontend Engineer

January 2023 - Present

USAF: United State of Africa

- Collaborated with cross-functional partner teams to identify and implement project requirements which in return contribute to the successful execution of the projects and the achievement of USAF goals.
- Participates in code review, fix bugs, troubleshoot web apps which in return improves code quality, promotes knowledge sharing and collaboration, detects and prevents bugs early, enhances stability and reliability, drives continuous improvement, and builds confidence and trust in the development team
- Integrated backend APIs, this hereby improve faster development cycles, improved user experience, and increased flexibility in implementing and optimizing features.

Technologies used: HTML, CSS, Tailwind CSS, JavaScript, Typescript, React, React Hooks, Redux toolkit, REST API, Git

Full-Stack Developer & Instructor

Dec 2021 – Dec 2022

LASOP: Lagos School of Programming

- Part of 2-person team, worked on redesigning of <https://www.lasop.net/> which improves users experience and increase users' traffic by 50%.
- Built the project using the Bootstrap framework to achieve a responsive, user-friendly user interface.
- With the solution, accessing course materials seamlessly and promoting efficient collaboration enhances the educational experience. It promotes a robust feeling of togetherness in the school environment. The Implementation of a responsive design, cross-browser compatibility, mobile-first website and user-friendly interface increased mobile traffic by 30%
- Provided academic assistance to assigned students individually and in groups.
- Conducted practice tests to track progress, identify areas of improvement and help set goals for final assessment which increases student success ratio

Technologies used: HTML, CSS, Bootstrap, JavaScript, jQuery, React, React Hooks, REST API, NodeJS, Python, Django, Django Rest Framework, PostgreSQL, Git

Front End Developer

Aug. 2020 – Present

Freelancing

- Implemented a responsive design, cross-browser compatibility, and mobile-first website for a start-up which increased mobile traffic by 20%
- Collaborated with cross-functional partner teams to identify and implement project requirements
- Maintained, optimized, troubleshoot, and improved multiple websites.
- Fix bugs and issues on client's projects thereby improving users experience on the website
- Creating pixel-perfect Figma to React component conversions
- Implemented websites, mobile applications, and landing pages and connected the endpoint using axios to the backend

- Added new features to a website, these features enable the creation of records, adding media files from the frontend to the backend which in turn increases traffic by 30%

Technologies used: JavaScript, TypeScript, React, React Hooks, Redux, REST API, Tailwind CSS, MUI, Redux Toolkit

PROJECTS HIGHLIGHT

- [usaf](#)
- [lasop](#)
- [tokosmile](#)
- [hernalytics](#)
- [Geotravel](#)
- [movie](#)
- [rayda](#)

Technologies used: React, Redux Toolkit, LocalStorage, Typescript, Python Django, Django Rest Framework, Tailwind CSS, MUI

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Python, HTML/CSS, SQL, SCSS

Framework and Libraries: Django, Django Rest Framework, React, Redux, Material UI, Tailwind CSS

Tools: Git, Github, JWT, Auth0, Postman, PostgreSQL,

Others: REST API design, relational databases

Volunteer Experience: Teens Can Code, Genesys Upskill Mentor

EDUCATION

Ladoke Akintola University of Technology

Bachelor of Technology Urban and Regional Planning

September 2018
