EMPLOYMENT HISTORY

Full-Stack Developer (Instructor/Tutor)   December 2021 - Present
Lasop

- Part of 2-person team, working on redesigning of https://www.lasop.net/ and connected some portion of the website to firebase.
- Provided academic assistance to assigned students individually and in groups.
- Part of the 3 persons team, working on the creation of a standard and robust syllabus for short and long-time use.
- Conducted practice tests to track progress, identify areas of improvement and help set goals for final assessment which increases student success ratio

Technologies used: HTML, CSS, Bootstrap, JavaScript, jQuery, React, React Hooks, REST API, NodeJS, Python, Django, Django Rest Framework, PostgreSQL, Git

Front End Developer   Aug. 2020 – Present
Freelancing

- Implemented a responsive, mobile-first website for a start-up which increased mobile traffic by 20%
- Collaborated with cross-functional partner teams to identify and implement project requirements
- Maintained, optimized, troubleshot, and improved multiple websites.
- Fix bugs and issues on client's projects thereby improving users experience on the website
- Creating pixel-perfect Figma to React component conversions
- Implemented websites, mobile applications, and landing pages and connected the endpoint using axios to the backend
- Added new features to a website, these features enable the creation of records, adding media files from the frontend to the backend which in turn increases traffic by 30%

Technologies used: JavaScript, TypeScript, React, React Hooks, Redux, REST API, Tailwind CSS, MUI, Redux Toolkit

PROJECTS HIGHLIGHT

- https://www.lasop.net/
- https://hernalytics-test.netlify.app/
- https://www.geotravel.tours/
- https://92isaac.github.io/Movie-app/
- https://rayda-ass.vercel.app/

Technologies used: React, Redux Toolkit, LocalStorage, Node, Python Django, Django Rest Framework, Tailwind CSS, MUI

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Python, HTML/CSS, SQL, SCSS
Framework and Libraries: Django, Django Rest Framework, React, Material UI, Tailwind CSS
Tools: Git, JWT, Auth0, Postman, PostgreSQL,

Others: REST API design, relational databases
Volunteer Experience: Teens Can Code, Genesys Upskill Mentor

EDUCATION

Ladoke Akintola University of Technology
Bachelor of Technology Urban and Regional Planning
